A is for atom, B is for bomb: video tape, 1980.
Physical Description: 1 videotape cassette.
Summary: Relates to the career of the physicist Edward Teller. Broadcast on the television series Nova.
Title: Nova (Television program)

Agnew, Harold Melvin, 1921-
Title: Motion picture film, 1945.
Physical Description: 1 motion picture film reel, 1 folder.
Related e-resource: Finding aid
http://www.oac.cdlib.org/institutions/Hoover+Institution
Summary: Depicts the explosion of atom bombs over Hiroshima and Nagasaki, Japan. Also includes Los Alamos telephone directory for 1943-1944.
Notes: Reference prints (reel 2 and video 2) only may be viewed.
Notes: American physicist; member, Los Alamos Scientific Laboratory staff, 1943-1946.

Bailie, J. A., collector.
Title: Collection, 1960-1992.
Physical Description: 4 ms. boxes.
Summary: Manuals, interview transcripts, and printed matter, relating to the development of submarine-based fleet ballistic missiles by the United States Navy.

Blackwelder, Richard E., collector.
Title: Clippings, 1945-1950.
Physical Description: 1 oversize box.
Summary: Relates to the development of the atomic bomb.

Boyle, Francis Dennis, 1910-
Title: Papers, 1950-1959.
Physical Description: 1 folder.
Summary: Correspondence, memoranda, and photographs, relating to the proposed development of submarine guided missiles.
Notes: Rear admiral, United States Navy.

Busterud, John, 1921-
Title: Papers, 1972-1977.
Related e-resource: Finding aid
http://www.oac.cdlib.org/institutions/Hoover+Institution
Physical Description: 26 ms. boxes.
Summary: Correspondence, speeches and writings, memoranda, reports, studies, and printed matter, relating
to international and domestic energy and environmental programs.
Indexes: Preliminary inventory.

Capp, Robert L.
Title: Robert L. Capp papers, 1923-1998.
Physical Description: 1 ms. box.
Summary: Sound recording of interview, photographs, and miscellany, relating to the American occupation of Japan and aftermath of the atomic bombing of Hiroshima. Also includes photographs of victims of the Tokyo earthquake of 1923. Digital version of sound recording available.
Note: Technician 4, United States Army; member, occupation forces, Japan, 1945.
Indexes: Inventory.

Carr, Kenneth Monroe, 1925-
Physical Description: 171 ms. boxes.
Notes: Closed.
Summary: Memoranda, reports, studies, correspondence, and printed matter, relating to nuclear power plants in the United States, including issues of licensing, safety, and waste management. Notes: Vice admiral, United States Navy; member, 1986-1989, and chairman, 1989-1991, United States Nuclear Regulatory Commission.
Indexes: Preliminary inventory.

Caswell, Peter John, 1924-
Title: Papers, 1944-1998.
Physical Description: 1 oversize box.
Summary: Photographs, sound recording of interview, orders, and letters, relating to American aerial operations in the Pacific Theater during World War II. Includes photographs of the atomic bombing of Hiroshima. Notes: Staff sergeant, United States Army Air Forces; member, 3rd Photo Reconnaissance Squadron, 1945.

Center for Civil Society International.
Title: Center for Civil Society International records, 1948-2008.
Physical Description: 117 ms. boxes.
Summary: Correspondence, reports, directories, lists, pamphlets, serial issues, and circulated material, relating to voluntary associations in the former Soviet Union, exchanges and person-to-person contacts, religion, peace movements, human rights, and promotion of democracy and citizenship. Includes many publications collected by the Center. Also includes records of the Center's Predecessor organization, the Northwest Regional Office of the World without War Council. Note: American private nonprofit organization promoting contact with voluntary organizations abroad.
Note: In English and Russian.
Indexes: Register.

Title: Proceedings, 1961.
Physical Description: 1 folder.

Physical Description: 1 video cassette, 1 folder.
Summary: Interview with George Kistiakowsky, science adviser to President Dwight D. Eisenhower (1959-1961), relating to the development of American nuclear weapons policy and the history of the nuclear arms race. Interview conducted by Carl Sagan and broadcast on the television program...
Nova. Includes a printed transcript of the broadcast.
Notes: Copy.
Notes: Original in possession of: WGBH Educational Foundation.
Notes: May not be reproduced without permission of Carl Sagan Productions.

Curtiss, James Richard, 1953-
Physical Description: 48 ms. boxes.
Summary: Memoranda and reports, relating to nuclear power plants in the United States, including issues of licensing, safety, and waste management.
Notes: Photocopy.
Notes: Originals in possession of: J. R. Curtiss.
Notes: Member, United States Nuclear Regulatory Commission, 1988-1993.
Indexes: Preliminary inventory.

De Planque, Eileen Gail, 1945-
Title: Eileen Gail De Planque papers, 1990-2006.
Physical Description: 365 ms. boxes, 1 card file box, 1 oversize box.
Summary: Correspondence, speeches and writings, minutes and meeting materials, memoranda, reports, studies, printed matter, and audiovisual material, relating to nuclear power plants in the United States and abroad, including issues of licensing, safety and waste management.
Note: Member, United States Nuclear Regulatory Commission, 1991-1995.
Indexes: Preliminary inventory.

Doub, William Offutt, 1931-
Physical Description: 165 ms. boxes.
Summary: Correspondence, speeches and writings, memoranda, minutes, reports, studies, and printed matter, relating to nuclear energy in the United States, including licensing of nuclear power plants and nuclear safety issues.
Note: Member, United States Atomic Energy Commission, 1971-1974.
Indexes: Preliminary inventory.

Fiedler, Willy Achim, 1908-1998.
Title: Papers, 1933-1998.
Physical Description: 15 ms. boxes, 1 oversize box.
Summary: Correspondence, writings, notes, memoranda, technical reports, patent applications, clippings, other printed matter, video tape, sound recording, and photographs, relating to the German missile development program during World War II, and to postwar American missile development programs, especially the Polaris missile and other submarine launched ballistic missiles.
Notes: German-American engineer; chief scientist, Lockheed Missiles and Space Company.
Notes: In English and German.

Dooman, Eugene H., 1890-
Title: Papers, 1918-1973.
Physical Description: 2 ms. boxes, 1 envelope.
Summary: Speeches and writings, correspondence, diaries, and printed matter, relating to American foreign policy in the Far East, Japanese-American relations, the decision to drop the atomic bomb on Japan, and Allied policy regarding the occupation of Japan.
Notes: American diplomat; counsellor of embassy to Japan, 1937-1941; special assistant to the assistant secretary of state for far eastern affairs, 1944-1945.
Indexes: Register.
Physical Description: 87 ms. boxes.
Summary: Writings, lectures, reports, studies, and printed matter, relating to American military strategy and defenses, arms control, nuclear warfare planning, anti-ballistic missile systems, and telecommunications in defense.
Includes many reports and studies by SRI International, and book-length draft studies on the history of American strategy.
Note: Director, Strategic Studies Center, SRI International.
Indexes: Inventory.

Physical Description: 1 videotape cassette.
Summary: Relates to French nuclear weapons and their impact on international arms control negotiations. Includes interviews with Foreign Minister Claude Cheysson of France and Henry A. Kissinger.
Produced by the Press and Information Service of the French Embassy in the United States for American audiences.

Gallagher, Ray.
Title: Interview, n.d.
Physical Description: 1 phonotape cassette.
Summary: Relates to the atomic bombing of Hiroshima and Nagasaki in 1945.
Notes: Assistant flight engineer, United States Army Air Forces, during World War II.

Gallois, Pierre Marie, 1911-
Title: Speeches and writings, 1945-1996.
Physical Description: 29 ms. boxes.
Summary: Books, articles, and lectures, relating to aviation, nuclear weapons, French defense policy, the Cold War, collective security, and the North Atlantic Treaty Organization.
Notes: Brigadier general, French air force.
Notes: Mainly in French.
Indexes: Register.

Gerber, Carl R.
Physical Description: 4 ms. boxes.
Summary: Correspondence, memoranda, reports, printed matter, and photographs, relating to Plowshare Program proposed peaceful uses of nuclear explosions, including Project Gasbuggy plans for natural gas release.
Note: Assistant director, Division of Peaceful Nuclear Explosives, United States Atomic Energy Commission.
Indexes: Inventory.

Gilinsky, Victor.
Title: Papers, 1943-1984.
Physical Description: 632 ms. boxes, 1 oversize box, 3 envelopes, 12 slides.
Summary: Reports, memoranda, transcripts of hearings and telephone conversations, correspondence, and printed matter, relating to nuclear power plants, mainly in the United States, including issues of domestic and international licensing, fuel cycle and waste management, emergency planning, safety problems, and the Three Mile Island nuclear accident.
Notes: American physicist; member, United States Nuclear Regulatory Commission, 1975-1984.
Indexes: Register.

Gouré, Leon.
Title: Leon Gouré papers, 1919-2007.
Physical Description: 59 ms. boxes, 1 oversize box.
Summary: Speeches and writings, reports, studies, conference materials, printed matter, and slides, relating to Soviet and post-Soviet Russian defenses and military policy, especially civil defense measures, and to nuclear warfare strategy.
Indexes: Register.

Hiroshima-Nagasaki Publishing Committee.
Title: Motion picture film, 1982.
Physical Description: 2 motion picture film reels.
Summary: Depicts atomic destruction of Hiroshima and Nagasaki, Japan, 1945, and subsequent condition of survivors of the atomic bomb.
Notes: May not be reproduced.
Notes: Japanese organization promoting nuclear disarmament.

Hughey, Robert W., collector.
Title: Collection, 1958-1971.
Physical Description: 1 album box.
Summary: Postage stamps from various countries, and miscellany, relating to nuclear energy. Includes autographs of prominent nuclear scientists.

Ikle, Fred Charles.
Physical Description: 26 ms. boxes.
Summary: Speeches and writings, correspondence, memoranda, reports, testimony, schedules, appointment books, telephone logs, and printed matter, relating to the Strategic Arms Limitation Talks and other arms control issues, the 1980 presidential campaign of Ronald Reagan, and American defense policy during the presidential administrations of Richard M. Nixon, Gerald R. Ford and Ronald Reagan.
Indexes: Preliminary inventory.

Johnson, Jesse C.
Physical Description: 20 ms. boxes.
Summary: Speeches, press releases, reports, memoranda, correspondence, printed matter, and photographs, relating to uranium mining and the development of nuclear energy in the United States.

Physical Description: 53 ms. boxes, 1 motion picture film reel.
Summary: Writings, correspondence, notes, memoranda, studies, technical reports, journal articles, and other printed matter, relating to physics, nuclear and other energy sources, nuclear weapons, laser technology, the Strategic Defense Initiative, arms control, and scientific policy in the United States during the presidential administration of Ronald Reagan.
Note: Colonel, United States Army; director, Science Research Laboratory, United States Military Academy, 1980-1990; executive director, White House Science Council, 1981-1983.
Indexes: Preliminary inventory.
Kataev, Vitalii Leonidovich, 1932-
Physical Description: 20 ms. boxes, 1 oversize folder.
Box 15 closed. Use copies available.
Summary: Reports, memoranda, correspondence, diaries, notes, meeting and conference materials, and sound recordings, relating to Soviet military policy, the Soviet defense industry, Soviet nuclear weapons, and Soviet participation in arms limitation negotiations.
Note: Russian engineer; Soviet defense industry official and adviser to President Mikhail Gorbachev.
Note: In Russian.
Indexes: Register.

Kelly, Lorelei, 1966- , collector.
Title: Collection, 1983-1993.
Physical Description: 2 ms. boxes.
Summary: Pamphlets, leaflets, bulletins, newsletters, serial issues, reports, and press releases, relating to peace, disarmament, and anti-nuclear movements in the United States, Germany, and elsewhere in Europe.

Kennedy, Richard Thomas, 1919-
Title: Papers, 1974-1980.
Physical Description: 92 ms. boxes, 2 envelopes, 17 phonotape cassettes, 2 videotape cassettes.
Summary: Speeches, correspondence, memoranda, reports, transcripts of hearings, and printed matter, relating to nuclear power plants in the United States, and especially to the Three Mile Island nuclear accident.
Notes: Member, United States Nuclear Regulatory Commission, 1976-1980.
Indexes: Register.

Kupperman, Robert H., 1935-
Title: Papers, 1965-1995.
Physical Description: 8 ms. boxes.
Summary: Speeches and writings, correspondence, studies, reports, memoranda, clippings, and other printed matter, relating to American national security and defense policy, theory of nuclear and other deterrence strategy, and arms control, and especially to terrorism.

Lademan, Joseph U., 1889-
Title: Papers, 1941-1969.
Physical Description: 1 ms. box, 2 envelopes, 1 motion picture film reel.
Summary: Memoranda, writings, reports, printed matter, clippings, and photographs, relating to the return of the U.S.S. Milwaukee (renamed Murmansk by the Russians) to the United States Navy from the Soviet Union in 1949, and to the atomic bomb testing at Bikini Island, July 1946. Includes a memoir entitled The Gold Star and Guam : War in the Western Pacific, 1941-1942 (1961), relating to the freighter U.S.S. Gold Star, which supplied Guam during World War II.
Notes: Captain, United States Navy.

Larson, Clarence E., collector.
Title: Leaflets, 1945.
Physical Description: 1 folder.
Summary: American leaflets dropped on Japanese cities in conjunction with the atomic bombing of Japan, calling for Japanese surrender. Includes translations.
Notes: Photocopy.
Notes: In Japanese.

LeBaron, Robert.
Title: Papers, 1946-1983.
Related e-resource: Finding aid
http://www.oac.cdlib.org/institutions/Hoover+Institution
Physical Description: 4 ms. boxes, 2 oversize boxes, 1 phonotape cassette.
Summary: Biographical sketches, reminiscences, speeches, letters, appointment books, memoranda, memorabilia, and photographs, relating to the development of American atomic weapons, and to peaceful uses of atomic energy.
Notes: American government official and business consultant; deputy secretary of defense for atomic energy, and chairman, Military Liaison Committee to the Atomic Energy Commission, 1949-1954.
Indexes: Register.

Lefever, Ernest W.
Title: Papers, 1933-2007.
Physical Description: 173 ms. boxes, 4 envelopes, 1 album box.
Summary: Writings, correspondence, interview summaries, notes, printed matter, and photographs, relating to pacifism in World War II, postwar African politics, United Nations intervention in the Congo, nuclear proliferation, American military and police-training aid to foreign countries, the role of religion in public policy, and activities of the Ethics and Public Policy Center.
Notes: American political scientist; president, Ethics and Public Policy Center, 1976-1989.
Indexes: Register.

Physical Description: 16 ms. boxes.
Summary: Correspondence, reports, meeting materials, notes, lists, memoranda, printed matter, and photographs, relating to nongovernmental exchange programs between Americans and citizens of the Soviet Union and its successor republics, and to promotion of Gestalt psychology, environmentalism, nuclear safety and alternative energy sources in the Soviet Union and its successor republics.
Note: Executive director, Association for Humanistic Psychology; director, Center for Safe Energy.
Note: In English and Russian.

Mellini, Peter, interviewer.
Title: Peter Mellini interviews, 2000-2005.
Related e-resource: finding aid http://www.oac.cdlib.org/institutions/Hoover+Institution
Physical Description: 1 ms. box.
Summary: Sound recordings of interviews of Theodore J. Van Kirk and Bernie Badler, American airmen during World War II, relating to American aerial operations in Europe and to the dropping of the atomic bomb on Hiroshima in 1945. Includes ration books and other World War II miscellanea.
Indexes: Inventory.

Metzger, H. Peter.
Title: Papers, 1945-1981.
Physical Description: 30 ms. boxes.
Summary: Writings, clippings, reports, studies, printed matter, and letters, relating to nuclear energy, environmental problems, and other issues resulting from the impact of science and technology on public policy.
Notes: American journalist; science editor, Rocky Mountain News, 1974-1977; president, Colorado Committee for Environmental Information.

Morse, John H.
Title: John H. Morse papers, 1957-1973.
Physical Description: 4 ms. boxes.
Summary: Correspondence, speeches and writings, memoranda, studies, and printed matter, relating to nuclear warfare strategy, questions of
nuclear arms testing and disarmament, the positioning of nuclear missiles in Europe as a part of the North Atlantic Treaty Organization alliance, and the development of the neutron bomb.

Indexes: Inventory.

Norris, Robert S.
Title: Robert S. Norris Collection, 1898-2003.
Physical Description: 90 ms. boxes.
Summary: Photocopies of government documents, correspondence, diaries, reports, memoranda, studies, and printed matter, microfilm, and sound recordings and transcripts of interviews, relating to Leslie R. Groves and the development of the atomic bomb. Used as research material for the book by R. S. Norris, Racing for the Bomb: General Leslie R. Groves, the Manhattan Project’s Indispensable Man (South Royalton, VT, 2002). Includes photocopies of documents released in response to Freedom of Information Act requests.

Title: Melita Norwood papers, 1903-2003.
Physical Description: 2 ms. boxes.
Summary: Letters, notes, interview summaries, biographical and genealogical data, personal documents, printed matter, and photographs, relating to Soviet nuclear research espionage in Great Britain, the communist movement in Great Britain, and family affairs. Includes papers of Hilary Norwood, husband of Melita Norwood.
Note: Soviet espionage agent in Great Britain.

Oleinikov, Pavel, collector.
Title: Collection, 1908-2000.
Physical Description: 1 ms. box, 1 oversize box.
Summary: Reports, printed matter, map, and photographs, relating to the Soviet nuclear energy program, and to pre-World War I copper mining operations in the Ural region of Russia by the Kyshtim Corporation, of which Herbert Hoover was a director. Includes photocopies of records of the corporation, and post-Soviet photographs of places that had figured in its operations.
Notes: Mainly in Russian.

Pash, Boris T., 1900-1995.
Title: Papers, 1892-1989.
Physical Description: 5 ms. boxes, 5 envelopes, 3 albums, 22 motion picture film reels.
Summary: Correspondence, memoranda, reports, orders, writings, photographs, motion picture film, and printed matter, relating to the naval forces of General Nikolay Yudenich during the Russian Civil War; the Russian refugee camp in Wunsdorf, Germany, in 1922; American military intelligence service activities, including the Baja Peninsula mission to investigate the possible establishment of a Japanese base in Mexico in 1942, and the Alsos mission to determine the status of German nuclear development in 1944-1945; and to allegations made in 1975 of the involvement of B. T. Pash with Central Intelligence Agency assassination plots.
Notes: Colonel, United States Army; military intelligence officer.
Notes: Mainly in English.
Indexes: Register.

Physical Description: 14 envelopes, 1 ms. box.
Summary: Photographs depicting miscellaneous or unidentified scenes. Includes photographs of various United Nations officials and
activities, and of atomic weapons testing.

Title: Papers, 1938-1994.  
Physical Description: 2 ms. boxes.  
Summary: Correspondence, speeches and writings, bibliographies, biographical data, and personal documents, relating primarily to energy resources, and especially to oil and nuclear energy resources, and to nuclear energy in Eastern Europe.  
Notes: Czechoslovak-American economist.  
Notes: In English and Czech.

Ray, Dixy Lee.  
Title: Papers, 1937-1982.  
Physical Description: 170 ms. boxes, 14 oversize boxes, 3 card file boxes, 3 cu. ft. boxes, 135 envelopes, 1 album box, 7 slide boxes, 16 motion picture film reels, 1 videotape cassette, 2 phonorecords, 3 linear ft., memorabilia.  
Summary: Correspondence, speeches, reports, studies, printed matter, audiovisual material, and memorabilia, relating primarily to nuclear energy in the United States, and to Washington state politics.  
Indexes: Register.

Rhodes, Fred Burnett, 1913-1980.  
Title: Papers, 1944-1980.  
Physical Description: 22 ms. boxes.  
Summary: Correspondence, speeches and writings, reports, memoranda, legal documents, staff studies, and memorabilia, relating to the American atom bomb project during World War II, political issues before the United States Senate during the 1960s, veterans' affairs, and the postal service.  
Notes: Secretary and staff director, United States Senate Republican Policy Committee, 1964-1969; deputy director, Veterans Administration, 1969-1974; chairman, Postal Rate Commission, 1974.

Rotariu, George J.  
Physical Description: 3 ms. boxes.  
Notes: Closed.  
Summary: Correspondence, memoranda, and reports, relating to activities of the Atomic Energy Commission in developing commercial applications of isotopes and radioisotopes.  

Rowen, Henry S.  
Physical Description: 4 ms. boxes.  
Summary: Correspondence, writings, notes, reports, studies, and printed matter, relating to peaceful uses of nuclear energy, and particularly to nuclear excavation.  
Note: American economist; senior fellow, Hoover Institution on War, Revolution and Peace.  
Indexes: Register.

Ruark, Arthur Edward, 1899-  
Title: Arthur Edward Ruark papers, 1885-1979.  
Physical Description: 61 ms. boxes.  
Summary: Writings, technical reports, reprints, lectures, correspondence, notes, and printed matter, relating to physics.  
Note: American physicist; assistant and senior associate director of research, Atomic Energy Commission, 1961-1969.

Scheel, Beth Flippen.  
Title: Papers, 1946.  
Physical Description: 1 ms. box.  
Summary: Reports, Kwajalein army base newspaper issues, memorabilia, and
photographs, relating to United States Army atomic bomb tests at Bikini atoll in 1946.
Notes: American Red Cross worker, Kwajalein atoll, 1946.

Schmid, Sonja, interviewer.
Physical Description: 1 oversize box, digital files.
Summary: Interviews relating to the Chernobyl nuclear accident in Ukraine in 1986. Also includes video tape, slides, and printed matter relating to the incident.
Note: In Russian and Ukrainian.

Schreibman, Enid.
Title: Enid Schreibman papers, 1990-2011.
Physical Description: 11 ms. boxes.
Summary: Correspondence, notes, reports, grant proposals, meeting materials, financial records, printed matter, and photographs, relating to activities of the Center for Safe Energy in promoting nuclear safety and alternative energy sources in the former Soviet Union, and to women's leadership training in Kazakhstan.
Note: Director, Center for Safe Energy.
Note: In English and Russian.

Physical Description: 104 ms. boxes.
Summary: Speeches and writings, correspondence, minutes, reports, studies, manuals, and meeting materials, relating to the electric and nuclear power industries and to environmental and energy policy in the United States, and especially to activities of the Institute of Nuclear Power Operations, the Atomic Industrial Forum, and the Electric Power Research Institute.

Indexes: Inventory.

Sloss, Leon.
Physical Description: 2 ms. boxes.
Summary: Reports, studies, and other writings, relating to American nuclear weapons strategy.
Notes: American national security strategist; deputy director, United States Arms Control and Disarmament Agency, 1976-1978.

Sofaer, Abraham D.
Title: Papers, 1934-2007.
Physical Description: 139 ms. boxes, 2 oversize boxes.
Notes: Boxes 36, 123, and 139-140 closed during the lifetime of A. D. Sofaer.
Summary: Writings, reports, notes, studies, correspondence, memoranda, legal records, and printed matter, relating to the international laws of warfare and the presidential war-making powers in the United States; the legal interpretation of the 1972 Anti-Ballistic Missile Treaty and its effect on development of the Strategic Defense Initiative; the airline industry in the United States; water use law; and the lawsuit for libel brought by Ariel Sharon against Time magazine in 1984.

Title: Edward Teller papers, 1910-2005.
Physical Description: 561 ms. boxes, 49 oversize boxes, 10 open reel
boxes, 3 cu. ft. boxes, 2 card file boxes, 1 oversize folder, 2 album boxes, 11 slide boxes, 6 envelopes, 7 motion picture film reels, 8 phonorecords, digital files.
Summary: Correspondence, speeches and writings, reports, studies, memoranda, printed matter, photographs, motion picture film, video tapes, sound recordings, and memorabilia, relating to chemical, molecular and nuclear physics; development of new energy resources; national energy research planning; space exploration; and national and international security issues, including nuclear weapons and arms control.
Note: American physicist; assistant director, Los Alamos Scientific Laboratory, 1949-1952; associate Director and director, Lawrence Livermore Laboratory, 1954-1975.
Indexes: Inventory.

Tokyo Daigaku.
Title: Statement, 1957.
Physical Description: 1 item (1 folder)
Summary: Relates to the dangers from radioactive fallout resulting from nuclear weapon testing. Signed by members of the College of General Education of Tokyo University.

Physical Description: 1 item (18 tape boxes, 14 oversize boxes containing 172 U-Matic tapes and 208 Betacam tapes)
Summary: Videotape raw footage, relating to the American decision to develop the hydrogen bomb. Used in preparation of the television program produced by the History Channel. Includes interviews with scientists and government officials involved in the decision.
Indexes: Inventory.

United States Information Agency.
Physical Description: 3 phonotapes.
Summary: Sound recordings prepared for broadcast on Voice of America, including a program entitled Have You Been Told?, 1961, relating to Soviet nuclear test resumption (transcript included); and interviews of W. Glenn Campbell, director of the Hoover Institution on War, Revolution and Peace, and of Dennis J. Doolin, Eugene Wu, and Yuan-li Wu, fellows of the Hoover Institution, 1965, relating to activities of the Hoover Institution in the area of Chinese studies.
Notes: In English and Chinese.

Title: Operations orders, 1945.
Physical Description: 1 folder.
Summary: Orders 35 and 39 (August 5 and 8, 1945), ordering the strike missions that dropped atomic bombs on Hiroshima and Nagasaki, Japan, August 6 and 9, 1945.

Weiss, Seymour.
Title: Seymour Weiss papers, 1943-1998.
Physical Description: 27 ms. boxes, 1 oversize box.
Summary: Correspondence, speeches and writings, memoranda, reports, studies, printed matter, photographs, and memorabilia, relating primarily to American military and international security policy, nuclear weapons force, and arms control policy.
Indexes: Register.
Physical Description: 1 ms. box.
Summary: Journal, reports, and printed articles, relating to the development of the Polaris missile and other American naval weapons systems.
Notes: Photocopy.
Notes: Originals in possession of: W. F. Whitmore.

Wohlstetter, Albert J.
Title: Papers, 1929-2007.
Physical Description: 844 ms. boxes, 5 card file boxes, 8 oversize boxes.
Summary: Speeches and writings, correspondence, notes, memoranda, reports, studies, and printed matter, relating to American military and national security policy, nuclear warfare strategic planning, and nuclear proliferation issues. Includes papers of Roberta Wohlstetter, wife of Albert J. Wohlstetter.
Notes: Rand Corporation national security analyst, 1951-1963.
Indexes: Register.

World Without War Council.
Physical Description: 240 ms. boxes, 2 oversize boxes, 1 cardfile box, 265 cu. ft. boxes.
Summary: Minutes, resolutions, correspondence, memoranda, reports, financial records, serial issues, bulletins, newsletters, and other printed matter, relating to peace movements in the United States, pacifism, conscientious objectors, disarmament, nuclear weapons, American foreign policy, world affairs, and the Vietnam War.
Note: Private nonprofit American organization to promote peace.
Indexes: Register.

Young, Millard C.
Title: Papers, 1932-1980.
Physical Description: 1 ms. box, 1 oversize box.
Summary: Orders, personnel records, correspondence, speeches and writings, pamphlets, other printed matter, citations, and photographs, relating to various activities of the United States Air Force, and especially to the development of the atomic bomb.
Notes: Brigadier general, United States Air Force.

Physical Description: 200 ms. boxes, 1 oversize box, 1 framed chart.
Notes: Closed.
Summary: Memoranda, reports, studies, correspondence, briefing books, and printed matter, relating to nuclear power plants in the United States, including issues of licensing, safety and waste management.
Notes: Vice admiral, United States Navy; member, 1984-1986, and chairman, 1986-1989, United States Nuclear Regulatory Commission.
Indexes: Preliminary inventory.
